A MEDICINE OF MERIT

A proprietary medicine, like everything else that comes before the public, has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that today thousands of American Women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills.—adv.
